
GEN 1.4 ENTRY, TRANSIT AND DEPARTURE OF CARGO

1. Customs requirements concerning cargo and other articles

- 1.1 Philippine laws require the presentation of the original consignee's copy of the Airway Bill.
- 1.2 Exports in commercial quantity require an Export Declaration. For unaccompanied baggage not in commercial quantity, a special permit to load is used for facility. Unaccompanied baggages are inspected randomly for control purposes.
- 1.3 Cargoes that are prohibited, banned or regulated shall be accompanied by an exemption or clearance from the agency concerned.
- 1.4 Imported air cargo, including private gift packages and trade samples, are not exempt from government clearance documents.
- 1.5 Local laws allow for a free importation of supplies necessary for reasonable requirements of aircraft in her voyage provided that such articles are not locally available and that any surplus or excess shall be dutiable and that any goods not dutiable must secure exemption from the Department of Finance.
- 1.6 Formal or informal entry for all importations of airline companies are required provided that any surplus or excess of such aircraft supplies arriving from foreign airports shall be dutiable and that such articles or supplies are not locally available in reasonable quantity, quality and price, which are necessary or incidental for the proper operation of the airline importing the same. However, goods entered under this scheme are given priority in processing.

2. Public health requirements

2.1 Quarantine Restrictions on Cargo

- 2.1.1 Any cargo from plague-infected areas that harbors or is liable to harbor rats or fleas shall be fumigated prior to its unloading at the airport unless such cargo is covered by a Certificate of Fumigation from the airport of embarkation. No cargo consisting of any used clothing material coming from plague-infected areas shall be allowed to be unloaded without disinfection certificate from the airport of embarkation.

2.2 Loading of Cadavers and/or Remains.

- 2.2.1 The landing of cadavers/human remains at any Philippine airport should have the following;
 - a) Death Certificate or a true copy thereof, duly certified by the appropriate authorities from the airport of origin;
 - b) Certificate of the Embalmer stating that the body/remains had been properly embalmed and placed in a sealed casket which is air-tight and waterproof. Bones and ashes shall be placed in hermetically sealed and unbreakable urn or other similar containers;
 - c) Certification from the Consul at the country of origin; and
 - d) The body of a person who died of any disease subject to the International Health Regulations in a foreign airport may be allowed to pass through Quarantine under the following condition: the casket shall remain sealed from origin to burial which must take place within twenty four (24) hours after arrival and clearance.

2.3 *Importation of living disease organisms, vectors, plant and animals*

- 2.3.1 No culture of bacteria or any living virus or collection of organisms that may cause any contagious or infections disease, or any insect, animal or plant infected with such bacteria, virus or organism potentially capable of transmitting disease to human will be admitted to the Philippines without a specific permit issued by the Director of Quarantine.

2.4 *Carriage of live animals on board an aircraft*

- 2.4.1 Carriage of live animals on board an aircraft whether on passenger and/or cargo shall be in accordance with the rules, regulation and procedures enumerated in Administrative Order No. FSS – (Unnumbered), series of 1978.
